## Quality

You can see it. You can feel it. You will enjoy it for years and years because quality furniture lasts. From seeking the very best source for teak to perfecting the ideal powder coating for aluminum surfaces, Terra furniture is constructed with the finest materials.

## Details

Curves, proportion...it would certainly be faster for us to leave out stunning design details that no doubt drew you to the line in the first place. But, we're not going to do that because we relish those details and know that they set us, and you, apart from others.

# Here's why TERRA is the best money can buy.

## Craftsmanship

It's about pride...ours and yours. It's the nature of perfectionists to want to do the best work possible, then try to figure out a way to do it even better. It's in the details, of course. And, we won't cut corners to save a few dollars. For instance, we fully weld our cast frames.

## History

The founders of Terra have been in business for over four decades each. They founded Terra Furniture with the same mission it operates by today: Build the best casual furniture and accessories and back it all with the sincere promise of satisfaction.

## Luxury

Recognizing superior quality is part of the enjoyment of being able to buy the best. Investment in furnishings for your home makes a strong statement about your understanding and acquisition of things of value. From the generous proportions of our chairs to the uncommonly thick cushions, you deserve this kind of luxury.

## Style

We all have it. Terra helps you show off yours. Our designers share their outstanding talent for design and style while setting new standards in a crowded industry. Subtle finishes, textures that make you want to touch, timeless shades, and shapes that will please the eye for decades all boast great style.

## Value

This may be the most important benefit of owning Terra Furniture. If you combine all of the significant points made on these two pages, it adds up to incredible value. In fact, the pieces selected will become one of the best investments you make this season.

## Warranty

All frames have a 10-year structural warranty from date of purchase. If the frame fails structurally from normal usage during this period, we will, at our option, repair or replace the frame without charge. Customers must submit original sales receipt with claim. Terra will not accept returned goods without written authorization. For commercial use, the same warranty applies for a period of two years.

## Care

Terra furniture is both beautiful and practical. Every piece is manufactured to withstand frequent use and the elements. Mild soap and water will freshen any of the cast pieces. And, merely wipe down the teak. Durable, color fast cushions are filled with quick drying polyfill.

# Bali

*Designed by Chris Tyler*

Inspired by the tropics, Bali lends an easy mood. Our new Bali collection has the look and feel of natural rattan, but is actually handwoven from synthetic fiber around a sturdy, lightweight, rustproof, powder-coated aluminum frame. The cushions, upholstered in Sunbrella® fabric, add comfort and color.

# Terra Market Umbrellas

Terra umbrellas for every situation under the sun. Swim. Sun. Shade. Three essential elements of a great escape, and Terra Market Umbrellas provide the always reliable third. A wide variety of shapes and sizes promise the perfect shelter in large or small spaces and sturdy bases of aluminum or steel.

Terra Market Umbrellas offer welcoming shade and are ideal of redefining dining areas. The fabric can be customized with a name or logo to point the way for the weary, hungry and thirsty. A simple solution for creating ambiance in wide open spaces. Bare feet on hot patio tiles run for cover.

The shade of a Terra Market Umbrella. Cool, sheltering islands to deflect sweltering summer rays. Or at night, to become a canopy of starry lights.

### BALANCE

The patented Balance umbrella is simple to operate using only one hand to open and close by simply pulling down on the center cage. Easy tilt adjustment can be made by pulling down at the tip of any of the umbrella struts to desired angle.

### LAGUNA

The easy open pulley system is an option that simplifies opening and closing. Crafted of leather with brass and stainless steel pulleys and a polyester cord, this durable mechanism can be factory installed or added at a later date.

### RIVIERA

The effortless crank lift system makes opening the umbrella, to any degree of tautness, a breeze. All brass mechanism and stainless steel cable add to the quality of the solid oak frame.
